# Heavy Duty Floor Stripper

## CONCENTRATE

- Easily dissolves multiple layers of old finish from vinyl, terrazzo or concrete floors.
- Designed for commercial use.

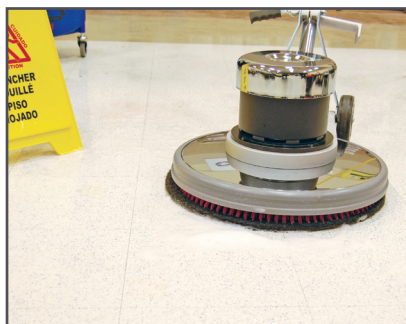

Product	Dilution	Code	Size
Concentrate	1:8	40322	18.9L
Concentrate	1:8	40367	3.78L

### Directions:

Dilute into a bucket and wringer at 1:8 with water. Apply generously to floor with a wet mop and let stand for 3-5 minutes. Agitate with a mop or machine scrub with a low speed scrubber using a black pad. Scrub stained areas manually with a black scrubbing pad. Do not let dry. Vacuum residue. If shiny spots exist, repeat the same procedure. Rinse 1-2 times with clear water. Apply the appropriate floor finish following the manufacturer's directions. Do not use on marble, natural stone or wood.

Note: Floors can be slippery when wet or when finish is being emulsified by the stripper. Use cautionary floor signs to prevent slips while stripping and finishing. Ensure proper ventilation to reduce the effect of the chemical odour. Phosphate free.

### Handling and Cautions:

Danger: Corrosive. Causes burns. Do not swallow. Do not get in eyes. Do not get on skin or clothing. Do not breathe fumes. Handle with care. Wear rubber gloves. Wear safety glasses. First aid treatment: Contains monoethanolamine, butyl cellosolve and benzyl alcohol. If swallowed call a Poison Control Centre or get medical attention immediately. Do not induce vomiting. If in eyes, rinse with water for at least 15 minutes. If on skin, flush well with water. If on clothes, remove clothes. If breathed in, move person to fresh air. Keep out of reach of children.
