Carpet Extraction Cleaner

CONCENTRATE

- A low foam, odour killing, multi-purpose carpet cleaner for use with extraction cleaners.
- Fortified with a counteractant to neutralize unpleasant odours.
- Designed for synthetic carpets only, not wool.

Product	Dilution	Code	Size
Concentrate	1:25	40337	3.78L

For use with carpet extraction or “steam cleaning” equipment. Contains a blend of ingredients to provide mild but effective cleaning. Fortified with a counteractant to neutralize unpleasant odours. Designed for synthetic carpets only, not wool.

Directions for use:

Move furniture away from carpet to be cleaned. Vacuum carpet thoroughly before cleaning. Use a carpet pre-spray or spotter on high traffic or heavily soiled areas. Mix the extraction cleaner into the solution tank of the extractor with hot water at a rate of 1 part cleaner to 25 parts water (1:25). Use the extractor machine to inject chemical and extract dirt out of carpets. For improved results, extract at the end with clear water only. Allow carpet to dry, then vacuum thoroughly to remove residue. Place waxed paper or aluminum foil under legs of furniture while carpet is drying. Do not over wet carpet, as this can cause shrinking of carpet. Do not use on wool carpet, only synthetics. Always test for colourfastness before use. To do this, apply dilute cleaner to small spot of the carpet, then rub with a clean white cloth. If colour transfers to the cloth, do not use. Ensure that chemical does not spray onto furniture.

Handling and Cautions:

Caution: Irritant. May irritate eyes. May irritate skin. Do not get in eyes. Do not get on skin or clothing. First aid treatment: Contains surfactants and EDTA. If swallowed, call a Poison Control Centre or doctor immediately. Do not induce vomiting. If in eyes, rinse with water for at least 15 minutes. If on skin, rinse well with water. Keep out of reach of children.
