# Deck and Fence Wash *CONCENTRATE*

- Penetrates mold and dirt, leaving a clean, natural looking wood surface.
- Works with or without a pressure washer.
- Does not contain chlorine bleach or phosphates.

Product	Dilution	Code	Size
Concentrate	1:20	40349	3.78L

Concentrated liquid designed to clean outside wood surfaces including decks, fences and furniture.

### Directions for use:

Ideal method is to use a pressure washer to apply product and rinse surface. For normal cleaning dilute product at 1:20 with water. Apply to surface with low pressure spray, allowing contact time of 5 minutes. For heavily soiled areas, agitate with a scrub brush. Rinse with high pressure water spray. Always follow manufacturer's directions for safe operation and chemical application through a pressure washer. For manual cleaning, dilute product in bucket at 1:20 with water, apply to surface and agitate with a scrub brush. Rinse with a garden hose. Do not allow product to dry on surface. Wet surfaces may become slippery. Do not mix with anything except water. Cover or protect plants and incompatible items from overspray. Does not contain chlorine bleach or phosphates.

### Handling and Cautions:

Danger: Corrosive. Causes burns. Dangerous fumes form when mixed with other products. Do not swallow. Do not mix with chlorinated bleach or ammonia. Do not get in eyes. Do not get on skin or clothing. Do not breathe fumes. Handle with care. Wear rubber gloves. Wear safety glasses. First aid treatment: Contains urea hydrochloride (organic salt), EDTA and surfactants. If swallowed, drink 3-4 glasses of water to dilute. Do not induce vomiting. Call a Poison Control Centre or get medical attention immediately. If in eyes, rinse with water for at least 15 minutes. Get medical attention if irritation persists. If on skin, flush well with water. If on clothes, remove clothes. If breathed in, move person to fresh air. Keep out of reach of children.
