Glass & Multi-Surface Cleaner

CONCENTRATE

- A non-ammoniated, highly concentrated glass and multi-surface cleaner that removes build-ups on glass and other polished surfaces.
- Leaves surfaces shiny and film-free.
- Contains no ammonia or phosphates.
- Designed to be diluted with water.

Product	Dilution	Code	Size
Concentrate	1:30	40318	3.78L

Cuts through residue in bathroom and kitchen hard surfaces including glass, mirrors, porcelain, appliances, countertops, laminates, granite, painted surfaces and stainless steel. Leaves surfaces shiny and film-free.

Directions for use:

Dilute with water into a proper trigger sprayer bottle using 1 part Glass Cleaner Concentrate to 30 parts water (1:30). Tighten trigger sprayer. Turn nozzle on trigger to desired position. Spray on surface then wipe with a clean paper towel or lint free cloth. Buff until streak free. Avoid inhaling spray. Do not dilute or mix with anything but water. Use appropriate trigger sprayer and bottle that are properly labeled. Contains no ammonia or phosphates. Concentrated product is designed to be diluted before using. After proper dilution of this concentrate with water, ready-to-use product is no longer flammable.

Handling and Cautions:

Danger: Contents may catch fire. May irritate eyes. Do not smoke. Do not get in eyes. Use only in a well ventilated area. Keep away from flames such as pilot light, and any object that sparks such as electric motor. First aid treatment: Contains isopropyl alcohol and glycol ethers. If swallowed, call a Poison Control Centre or get medical attention immediately. Do not induce vomiting. If in eyes, rinse with water for at least 15 minutes. If on skin, rinse well with water. Keep out of reach of children.
