CONCENTRATE

- Cleans dirt from vinyl, brick and painted wood surfaces.
- Designed to be applied with a pressure washer.
- A unique blend of detergents neutralizes dirt's ability to stick to surfaces.
- Also works on plastic deck furniture.

Product	Dilution	Code	Size
Concentrate	1:20	40388	3.78L

A concentrated liquid designed to clean most water washable surfaces on houses, including siding, brick, painted wood and hard coat stucco. A unique blend of detergents neutralizes dirt's ability to stick to surfaces. Also works on plastic deck furniture.

Directions:

Ideal method is to use a pressure washer to apply product and rinse surface. Pre-spot especially dirty areas covered with mold or mildew. For normal cleaning dilute at 1:20 with water. Apply to surface with low pressure spray, allowing contact time of 5-10 minutes. Scrub or rinse with high pressure water spray. Do not allow product to dry on surface. Do not mix with anything except water. Always follow manufacturer's directions for operation and chemical application through a pressure washer. For manual cleaning, dilute product in bucket at 1:20 with water, apply to surface and scrub as required. Rinse with a garden hose. Cover or protect plants and incompatible items from overspray.

Handling and Cautions:

Caution: Irritant. May irritate eyes. May irritate skin. Do not get in eyes. Do not get on skin or clothing. Wear suitable protective clothing when using this product. First aid treatment: Contains EDTA, surfactants and sodium carbonate. If swallowed, call a Poison Control Centre or doctor immediately. Do not induce vomiting. If in eyes, rinse with water for at least 15 minutes. If on skin, rinse well with water. If on clothes, remove clothes. Keep out of reach of children.
