Pressure Washer Cleaner *CONCENTRATE*

- A multi-purpose product designed to work with a pressure washer.
- Cleans driveways, building siding, brick, decks, patio furniture, concrete and metal.
- Controlled foaming and rinsing make cleaning easier.

Product	Dilution	Code	Size
Concentrate	1:25	40360	18.9L
Concentrate	1:25	40334	3.78L

Designed for use where one product is ideal for a multitude of pressure washer cleaning tasks. Cleans driveways, building siding, brick, decks, patio furniture, concrete and metal. Has controlled foaming to give just the right amount of clinging foam on vertical surfaces.

Directions:

Use a pressure washer to apply product and rinse surface. For normal cleaning dilute at 1:25 with water. Apply to surface with low pressure spray, allowing contact time of 2-3 minutes. Scrub or rinse with high pressure water spray. Do not allow product to dry on surface. Do not mix with anything except water. Always follow manufacturer's directions for safe operation and chemical application through a pressure washer. For manual cleaning, dilute product in bucket at 1:25 with water, apply to surface and scrub as required. Rinse with a garden hose. Cover or protect plants and incompatible items from overspray.

Handling and Cautions:

Caution: Irritant. May irritate eyes. May irritate skin. Do not get in eyes. Do not get on skin or clothing. Wear appropriate gloves, goggles and suitable protective clothing when handling or using this product. First aid treatment: Contains EDTA, surfactants and sodium carbonate. If swallowed, call a Poison Control Centre or doctor immediately. Do not induce vomiting. If in eyes, rinse with water for at least 15 minutes. If on skin, rinse well with water. If on clothes, remove clothes. Keep out of reach of children.
