Safe Acid Toilet Bowl Cleaner

- A fast acting blend of acids and surfactants that break down stains in toilets, urinals and on porcelain.
- Dissolves soils, lime scale, uric deposits and hard water stains.
- Ideal for porcelain, tile, grout and stainless steel.
- Contains no phosphates or bleach.

Product	Dilution	Code	Size
Ready-to-Use	RTU	40372	3.78L
Ready-to-Use	RTU	40312	946ml

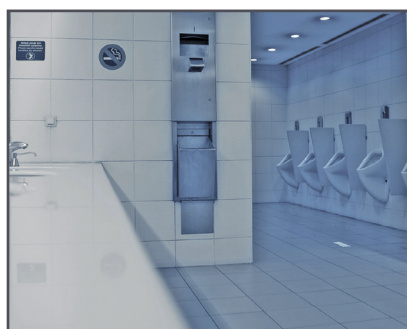

An efficient bowl cleaner formulated with selected mild acids and detergents to give top cleaning performance. It dissolves soils, lime scale, uric deposits and hard water stains, leaving surfaces of porcelain, tile, grout and stainless steel shiny clean and deodorized.

Directions:

CONCENTRATE: Pour into surfaces of toilet, urinal and sinks to be cleaned. Apply small amount onto swab or brush and agitate surface. Let stand for approximately 5 minutes. Rinse and flush thoroughly with water. Contains no phosphates or bleach.

READY-TO-USE: Direct spout to vertical surfaces of toilet, urinal and sinks and squirt onto surface to be cleaned. Apply small amount onto swab or brush and agitate surface. Let stand for approximately 5 minutes. Rinse and flush thoroughly with water. Contains no phosphates or bleach.

Handling and Cautions:

Danger: Corrosive. Causes burns. Dangerous fumes form when mixed with other products. Do not swallow. Do not mix with chlorinated bleach or ammonia. Do not get in eyes. Do not get on skin or clothing. Do not breathe fumes. Handle with care. Wear rubber gloves. Wear safety glasses. First aid treatment: Contains urea hydrochloride (sodium salt) and surfactants. If swallowed, drink 3-4 glasses of water to dilute. Do not induce vomiting. Call a Poison Control Centre or get medical attention immediately. If in eyes, rinse with water for at least 15 minutes. Get medical attention if irritation persists. If on skin, flush well with water. If on clothes, remove clothes. If breathed in, move person to fresh air. Keep out of reach of children.
