Vehicle Wash

CONCENTRATE

- Removes dirt and road film from cars and trucks.
- Designed for use with pressure washers or manual cleaning.
- Ideal for vehicles, trailers, trucks, boats or any sealed or painted metal or fiberglass surface.

Product	Dilution	Code	Size
Ready-to-Use	1:20	40364	3.78L

Directions:

Use a pressure washer to apply product and rinse surface. For normal cleaning dilute at 1:20 with water. Apply to vehicle with low pressure spray, from the bottom up, allowing contact time of 1-2 minutes. Scrub if necessary with a soft brush or cloth. Rinse with high pressure water spray, moving from the top down. Do not allow product to dry on surface. Do not mix with anything except water. For best results, dry with a chamois or soft towel. Always follow manufacturer's directions for operation and chemical application through a pressure washer. For manual cleaning, dilute product in bucket at 1:20 with water, apply to surface and scrub as required. Rinse with a garden hose. Cover or protect plants and incompatible items from overspray.

Handling and Cautions:

Caution: May irritate eyes. May irritate skin. Do not get in eyes. Do not get on skin. First aid treatment: Contains EDTA and surfactants. If swallowed, call a Poison Control Centre or doctor immediately. Do not induce vomiting. If in eyes, rinse with water for at least 15 minutes. If on skin, rinse well with water. Keep out of reach of children.
