Calcium, Rust and Lime Remover *CONCENTRATE*

- Quickly dissolves and removes hard water stains from glass, metal, porcelain and concrete.
- Strong acid blend attacks difficult stains.
- Rinses easily with water.

Product	Dilution	Code	Size
Ready-to-Use	RTU	40316	946ml
Concentrate	1:8	40317	3.78L

Directions:

For washroom surfaces, concrete, and brick, mix 1:1 with water and apply to surface. When stain disappears, rinse surface promptly with water. For coffee makers, dilute at 1:8 with water, then run through machine. Rinse all coffee pot surfaces at least 4 times with clean water and ensure there is no product in the system before using. For other stained appliances such as humidifiers and kettles pour product directly inside and agitate with a brush. Pour in hot water and allow to soak for 2 minutes. Ensure that no product splashes occur. Dump liquid and rinse all surfaces with cold water. Avoid contact with marble, painted or coloured surfaces, or soft metals such as aluminum, copper or brass. Also avoid contact with etched, cracked or old surfaces in porcelain fixtures or ceramic tiles. Always rinse surfaces with cold water.

Handling and Cautions:

Danger: Corrosive. Causes burns. Dangerous fumes form when mixed with other products. Do not swallow. Do not mix with chlorinated bleach or ammonia. Do not get in eyes. Do not get on skin or clothing. Do not breathe fumes. Handle with care. Wear rubber gloves. Wear safety glasses. First aid treatment: Contains urea hydrochloride (sodium salt) and surfactants. If swallowed, drink 3-4 glasses of water to dilute. Do not induce vomiting. Call a Poison Control Centre or get medical attention immediately. If in eyes, rinse with water for at least 15 minutes. Get medical attention if irritation persists. If on skin, flush well with water. If on clothes, remove clothes. If breathed in, move person to fresh air. Keep out of reach of children.
